"That Woman at Sea Has Proved Herself Equal to Many Occasions of Danger Evidenced by Hundreds of Reports of Heroic Deeds."

BY SOPHIE IRENE LOES. This is one of the early fields that

women entered," said Mary Elizabeth Rogerson, expert cable and telegraph operator, and who has had ten years' experience with a fine record as a business woman, operating at the Hotel Astor, "and her next step will be wire

"I have sent several wireless message and am now taking up the study in earnest to perfect myself in it." Miss Rogerson has a pleasing personality dresses with care, and at once yo realize that she is accustomed to deal ing : business people and handling messages of no small value, being in constant communication with all parts of the world.

"I think that this is the one industry where woman is even more fitted than man. It is one busingss that, besides man. It is one busingss that, besides bard work, requires patience and accuracy, which the woman telegrapher ANOTHER MOLLY seems to develor more than the seems than the seems to develor more than the seems that seems to develop more strongly than er sturdy brother.

"There is also an intuitive faculty required which is distinctly womanish. And when it comes to a matter of memory in case of mistake, nine times out of ten the woman operator remembers the message in question, very often the most triling incident in consection with it, which is generally lost on the man."

HOW SHE COMES TO REMEMBER THE MESSAGE.

"Well a woman will remember a MoIntyre assumes the role of Bunty sender, a peculiarity of expression, the he has asked about a thing take a vacation. Miss McIntyre has and all the many minor details that been playing Bunty in the Western secompany nearly every message.
